Subject: notice of delay : Airport security ordinance

Dear Esteemed Island Council Members,

We have been informed by our legal department that the draft ordinance with reference to the airport security is still at the Ministry of Justice and Safety in the Netherlands, who is the responsible entity for these matters under the BES. This unfortunately will result in a delay.

Please be informed that our legal department will be following up with the ministry regarding the status and you will be informed when an answer has been provided.

Hoping to have informed you sufficiently,

The Executive Council of Public Entity Sint Eustatius,

The Deputy Government Commissioner

Ms. C. Toet

The Island Secretary

Mrs. M.A. Dijkshoorn
