Public Notice!

Travel and Quarantine policy of Statia from the 1st of July

COVID-19 approach on Sint Eustatius

Our COVID-19 approach is aimed at preventing the spread of the virus, not overloading healthcare and protecting people on the island. If this succeeds we can relax the measures step by step.

Expand level of medical capacity

A strict control of people entering the island, travel for essential workers, acute emergency and medical referrals

The Government of St. Eustatius would like inform you about the Travel and Quarantine policy of Statia, starting the 1st of June.

People of the following categories are allowed to enter Statia:

1. Returning medical referrals
2. Essential workers (both for government and for companies)
3. Returning Statia residents
4. Returning Students (after ending the school year)
5. Business, touristic and family visits (only allowed from low risk countries)

Other categories of persons coming from medium and high risk countries are not allowed to enter Statia.

Exemptions:

- on humanitarian grounds (f.e. visiting a funeral) can be made by the government commissioner
- All persons from Curacao Bonaire and Saba are allowed to enter the country with the requirement that they have been for fourteen consecutive days on Bonaire or Saba.

For all your COVID-19 related questions: call 912

COVID risk in country of origin	Quarantine	Tests before entering	Screening upon entrance	Countries in this category
1. low	No	no	yes	<ul style="list-style-type: none">• Saba• Bonaire• Curaçao• St Kitts and Nevis• St. Maarten
2. medium	Yes -home based possible	no	yes	<ul style="list-style-type: none">• Netherlands• Belgium• Germany• France• Aruba
3. high	Yes – homebased not possible	preferably	yes	<ul style="list-style-type: none">• U.S.A.• Dominican Republic• most south and central American Countries• United Kingdom

All people will be screened based upon arrival in Statia on health and travel history. The Public health department can issue a quarantine obligation for every incoming person based on the screening results.

Returning students both from high risk countries and from medium risk countries can be self-quarantined if the parents sign a declaration of responsibility for their son or daughter with the rules and consequences.

The list of countries is valid until further notice. The risk of countries will be continuously monitored by the public health department.
