

SINT EUSTATIUS CARIBBEAN NETHERLANDS

Tender with preselection

Design for a Building for Out of School Programs

The Public Entity St. Eustatius has the intention to realize a new building for out of school programs on the island. For the selection of an architect for this project, the Public Entity is organizing a tender with pre-selection.

If interested in participating in the pre-selection, you are invited to make your interest known and supply the following information:

1. capacity and composition of your firm
2. proven experience with similar projects (reference projects)
3. experience with building in the Caribbean / tropics
4. an approximate planning of the design process including tender documents
5. a brief explanation of your vision on the project.

The received information will be assessed on the components as mentioned above. The five highest scoring firms/companies will be asked to submit a financial proposal.

The requested information must be sent to edu.facilities@statiagov.com before 16.00 hrs (local time) on July 3, 2020. Further information can be obtained from the project coordinator via email edu.facilities@statiagov.com or by telephone +5593194264.

The draft Terms of Reference for this building are available and will be sent by email upon request. On this tender, the St. Eustatius Public Procurement Regulations 2020 are applicable.
